WISDOM

The Bible says, “Acquire wisdom! Acquire understanding!” (Prov.4:5). What is wisdom? What is understanding? Wisdom is the ability to discern things. It refers to good sense and judgment. The word describes a wise attitude or course of action (Webster). Someone said that knowledge is the accumulation of facts and wisdom is the ability to apply those facts to life.

What is understanding? It is the ability to comprehend things, to have a mental grasp of facts and situations (Webster). It is the use of the mind to comprehend a situation and to be able to react to it in a positive way. Knowledge, wisdom and understanding are all important. All are discussed in the Bible.

How do we get knowledge, wisdom and understanding? It comes from God’s word. His word is truth (Jn. 17:17). It makes us free (Jn. 8:32). This knowledge, wisdom and understanding come from the Bible, which is “a lamp to my feet and a light to my path” (Ps. 119:105).

That is why it is imperative that we read and study the Bible, God’s inspired word (2 Tim. 3:16-17). It, as has often been observed, shows us the way from earth to heaven. Today we begin a new Bible School quarter. What a great time for you and your family to be in one of our Bible classes! We have several outstanding Bible classes, with classes for all ages, including several Bible classes for adults. We encourage you to “get the Bible School habit” today!
