Closeness with God

Have you ever wanted a relationship with someone who did not return the desire? Most been in that situation. Maybe you wanted to be friends with someone who didn't want to be friends with you. Maybe you had a crush on a boy or girl, yet they only wanted to be friends. Tragically some children don't receive the love from their parents that they so desperately desire. There are a thousand different scenarios that I could mention. It's important to realize that this rejection will never be handed out by God. Isaiah said "**Behold, the LORD's hand is not shortened, That it cannot save; Nor His ear heavy, That it cannot hear. But your iniquities have separated you from your God; And your sins have hidden His face from you, So that He will not hear**" (Isaiah 59:1, 2). You should know that God wants a relationship with you. Sadly, many don't seem to want a relationship with Him. We all need to realize the importance of closeness with God and we should all make sure our sins don't keep that relationship from happening.

THANK YOU

Dear Church family,

We have been greatly encouraged by your expressions of love toward us following Randy's accident. Each card, text message, visit, call, meal, and prayer has been greatly appreciated. Thank you for answering Jesus' call to love one another by supporting us when something difficult happened. Because your actions were witnessed by those at Vanderbilt Hospital and our neighbors, God received the glory.

In His service,

Randy and Monica Wooten

MISSION MEMO.....

World Christian Broadcasting • Franklin, TN

God wants people—all people—to enjoy a personal relationship with him. Many in our world have little or no opportunity to hear about God's loving invitation.

World Christian Broadcasting is a non-profit organization supported by concerned Christians whose purpose is to take God's Word—through mass media—to people who may have no other means of hearing the Good News.

Our official Mission Statement: **“World Christian Broadcasting exists so that people in places best served by broadcast media become aware of the Good News of Jesus Christ and want to know more.”**

The message of God is relevant to all time, yet the ways that message is delivered must stay current. World Christian Broadcasting's international shortwave broadcasting communicates the Good News to millions every day. KNLS, located at the top of the world in Anchor Point, Alaska, has been on the air since 1983. A new station, located on the island of Madagascar in the Indian Ocean, began operating on March 27, 2016. In addition, each of our seven languages offers its own website, so that people out of broadcast range can still read important, life-giving messages.

Through these shortwave transmissions, we can blanket virtually the entire inhabited world. By speaking in people's own language, forming friendships, and creating bonds of trust, World Christian Broadcasting sparks hope, interest, and curiosity among listeners. Programming encourages a personal study of the message of Jesus. By the grace of God and the technology He provides, many will hear the Good News, perhaps for the first time, and respond to the life-changing invitation of God.
