The Key to Success

Do you have goals? Most do. What are you doing to achieve your goals? This is where many fail. We all have things we hope to accomplish. We have things we hope to experience. Few make diligent strides to accomplish their goals. Thoughtful planning is essential to success. The proverbs writer said, **“The plans of the diligent lead surely to plenty, But those of everyone who is hasty, surely to poverty” (Proverbs 21:5)**. This is a passage that you should remind yourself of regularly. If you hope to be successful in life it is imperative that you make plans / goals and work diligently to achieve them. Success doesn't just happen. It is planned and diligently sought after.
