Power

When we speak of people with power we usually think of kings or world leaders. Yet we all have some power. We also should understand that power can be either good or bad. A lot of people misuse power. David was the king of Israel and typically a very good man. But you probably also remember the time when he used his power to sleep with another man's wife. He then used his power to have that man killed in battle. David showed us that power, if not used properly, can be very bad. However, power can also be a good thing. The Proverbs writer said **"Do not withhold good from those to whom it is due, When it is in the power of your hand to do so"** (Proverbs 3:27). We all have some power and should use our power to do good to others.
